GOOFY'S FUN HOUSE

Goofy is looking at the 5 pictures in his viewing room.

Well howdy! This here's my very own Home Entertainment Room...Yah know, where I watch all of my favorite home movies. But I got a little problem, Ya see, there's some things missin' from my movies and I sure could use your help findin' 'em. These five pictures here show you the things that are missing from each movie. If Ya find all the missing items, we can sit down and watch the movies together! So let's go find the missing objects.

GAME PLAY

The Viewing Room

The viewing room is central to the action in Goofy's Fun House. It is here that Goofy's home movies are viewed and the various games are started.

Within the viewing room are five (5) pictures on the walls. Each picture contains a clue as to which movie it is associated with. A close up view will show all objects that are missing from each picture. The missing objects appear grey. It is your job to return the missing items for each picture in order to watch the home movies. If you have completed collecting all of the objects for the picture, you will also see a Play Movie option. This means you can now reward yourself for your hard work by watching the Goofy cartoon for that picture! Press the **O** Button to do this.

Bonus points in the form of film cans are awarded throughout the different games and house. Collect enough film cans and a

sixth picture will appear on the wall in Goofy's viewing room. Choosing this picture allows you to watch a bonus movie. The film can collection can be monitored through the Pause menu. The Easy setting requires the collection of 50 film cans, while the Difficult setting requires 60 film cans to view the bonus movie.

Throughout the house you will also find many objects that are interactive, along with puzzles and even a phone quiz to solve. Interactive objects will blink when Goofy is close by. Take your time exploring around.

GETTING THE MISSING ITEMS

How To Fish

To complete Goofy's fishing picture the player has to find the following items: (Viewing Room pictures will provide clues for missing objects.)

- His Fishing Rod
- His Can of Worms
- An Enormous Fish

Getting the Fishing Rod

The fishing rod can be found somewhere in the house.

Getting The Can Of Worms

Right directional button - Turn Clockwise

Left directional button - Turn Counter- Clockwise

X Button - Scoop up worms

Δ Button - Turns on/off sprinkler

Goofy must catch 10 worms in his can before the time runs out. The timer will not start until the 3rd worm is caught. If the time runs out, Goofy must try again or try an easier option on one of the other pictures. The harder the game difficulty level, the harder it is to catch the worms.

Hint: Turn on the sprinklers to get more worms out of the ground.

Getting the Enormous Fish

To play this game the first 2 items must be found.

Left directional button - Line Left

Right directional button - Line Right

X Button - Cast

Up/Down directional buttons- Cast distance

Directional button down (after cast) - Reel in

Directional button down+ X Button -
Speed reel

To get the final object for the picture Goofy must play a fishing game. He must catch an enormous fish in order to complete this game. The player is initially presented with a view of Goofy standing before a lake. The player controls where Goofy casts his line, by watching the lake for signs of the fish. The player places their cast and if it is on target and the player is quick enough, the fish will be hooked. The player's task then is to reel the fish in safely, avoiding any obstacles that may be in the way. If you initially miss the fish, it is possible that you may hook a fish or a piece of junk on reeling the line back in. Watch out for the lily pads! You will lose a fish if you hit a lily pad.

Goofy will work his way around the lake catching bigger fish in each new location. Eventually Goofy will catch the Whopper fish—the dream of all good fishermen. On his return, Goofy will put the memento of the fishing trip back into the viewing room picture.

HOW TO PLAY GOLF

To complete Goofy's Golfing picture the player must find the following items: (Viewing Room picture will provide clues for missing objects.)

His Hat
His Pants
His Trophy

Getting the Golfing Hat

The golfing hat can be found somewhere in the house.

Getting the Golfing Pants

Directional buttons - Move Goofy
X Button - Jump
Δ Button -Run

The golfing pants are kept in the locked closet in Goofy's master bedroom. When you try to open the closet you will discover that

Pluto has playfully hidden the key in one of the molehills in the back garden and the mischievous mole now has the key. Goofy must retrieve the key by jumping on the mole when he comes out of his hole. When Goofy has jumped on the mole three times the mole will drop the key.

If Goofy succeeds in getting the key back he returns to the bedroom. The closet will open and the pants will be retrieved. The golfing pants must then be taken back to the picture.

Getting the Golfing Trophy

To play this game the first 2 items must be found.

Left/Right directional buttons - Shot direction

X Button - Hit the ball

Complete nine holes on the golf course to win the trophy. The

arrow at Goofy's feet points in the direction the ball will be hit. The strength of the shot is determined by the 'Swing-o-Meter' and the Hole Arrow marks the location of the hole. To start,

the player presses **X** BUTTON and a series of colored blocks on the Swing-o-Meter will begin to highlight. A helpful marker shows roughly how hard to hit the ball. Press the **X** BUTTON again when the colored block closest to the arrow is lit. Goofy will then hit the golf ball.

In order for Goofy to progress, the current hole must be completed in a given number of shots, or par. If Goofy completes the hole taking more shots than par then he has to repeat the hole.

THE ART OF SKIING

To complete Goofy's Skiing picture the player must find the following items: (Viewing Room pictures will provide clues for missing objects.)

- His Yellow Ski Suit
- His Skis
- His Skiing Medal

Getting The Yellow Sweater

The yellow sweater can be found somewhere in the house.

Getting The Skis

The skis can be found somewhere in the house.

Getting The Medal

To play this game the first 2 items must be found.

- X** Button - Push with poles
- Directional button Left - Left
- Directional button Right - Right
- L1 - Hard Left
- R1 - Hard Right

To win the Ski medal Goofy has to reach the end of the slalom course before the timer runs out. You have to move correctly around the red and blue flags. If a flag is missed a 5 second time penalty is removed from the timer. The distance between the flags is determined by the difficulty level chosen. There are also hazards on the course, which should be avoided.

Hint: Use **X** BUTTON to increase speed.

MAN'S BEST FRIEND

To complete Goofy's Man's Best Friend picture, the player must find the following items: (Viewing Room pictures will provide clues for missing objects.)

Large Hambone
String of Sausages
Blue Ribbon

Getting The Hambone

The hambone can be found in the frozen fridge in the Kitchen. The fridge must be defrosted before the ham can be reached. So how do we warm up the house?

Getting The String of Sausages

Press the corresponding directional buttons as they appear in the target circle.

To get the string of sausages Goofy must play a tug-of-war game with Bowser. Goofy and Bowser face each other holding an end of the string of sausages. When the timer starts, Goofy and Bowser start the tug of war. Goofy will win if he can pull Bowser over the red line on the left. If Bowser pulls Goofy over the red line on the right, he will win the sausages. When Goofy wins he takes the string of sausages back to the viewing room. When the game begins a series of direc-

tional button icons appear on the right hand side of the screen. They move across the screen from right to left. As they move into the target circle, you must hit the same arrow on the controller in order to get Goofy to pull on the sausages.

Getting The Blue Ribbon

To play this game the first 2 items must be found.

Directional Buttons - Move Bowser

X Button - Jump

Goofy must get the Blue Ribbon by training his dog Bowser to complete an obstacle course. You control Bowser and the game is played against the clock. Bowser has to negotiate various obstacles like jumping hurdles, weaving through flags and balancing on tilting platforms. If Bowser fails, or misses an obstacle, he is given a time penalty. To compensate there are bones placed around the level and collecting these will restore some lost time.

THE ART OF SELF DEFENSE

To complete Goofy's Art of Self Defense picture, the player must find the following items:

(Viewing Room pictures will provide clues for missing objects.)

Goofy's Boxing Gloves

A Car Tire

Goofy's Gym Bag

Getting The Boxing Gloves

The boxing gloves can be found somewhere outside the house.

Getting The Tire

Goofy must find the car tire somewhere in the house. When he does find it he will see that the tire is flat. Goofy must now search the house for a pump to fix the tire. After Goofy has found the pump, he must bring it back to the tire (it will inflate automatically). Once inflated, the tire will be added to the inventory. The tire can then be returned to the viewing room picture.

Getting The Gym Bag

To play this game the first 2 items must be found.

✕ Button - Accelerate

□ Button - Reverse

L2 - Left Turn Signal

R2 - Right Turn Signal

Left/Right Directional Button - Steer car

The gym bag can be found back at the gym where Goofy forgetfully left it. Goofy must drive to the gym against the clock, in order to collect his gym bag. If he can't get there in time the player is transported back to the beginning of the course for another attempt. On the way to the gym the player must try to avoid hitting any of the other cars on the road. The player must choose if they have enough time available to stop at the traffic light! Beware! A crash with another car or obstacle will lose you some time.

Hint: Drive over manholes for film can bonuses.
